

Week 6 Term 4

Another fun packed week!

We have had an amazing week full of fun packed activities!

We have taken part in many different activities and workshops this week.

We have had fun building dens, exploring different materials in science, developing our understanding of fractions, began to write and edit stories, orienteering with Oak and Elm and finally, became an orchestra using our bodies as instruments.

The children have had great fun learning new things this week!

We would like to wish all families a lovely long and sunny weekend!

ENJOY!
